

St Peter's Catholic Primary School Beliefs

What we believe about learners

Every learner is uniquely made in the image and likeness of God, responding to life with their diverse gifts and talents.

Every learner is a creator of knowledge, who brings their own rich and diverse experiences to the community.

Every learner seeks to grow in knowledge and to find truth and meaning in life and faith.

Every learner is a lifelong learner who can benefit from effective collaboration and communication.

What we believe about learning

Experiencing success in learning motivates learners.

Inquiry learning develops the natural curiosity and thirst for learning.

Learning occurs through interactions with the world.

What we believe about learning communities

Members of learning communities learn from each other, teach each other and provide feedback to each other.

Learning environments nurture and encourage lifelong learning.

Positive affirming learning communities, where making mistakes is part of the learning process, helps learners grow in self-esteem and respect for themselves and others.

Every member is responsible for the wellbeing of their community.

Every member of a learning community identifies issues and areas for improvement and collaborate to solve problems.
